Best All-Round Archer (BARA):

The BARA will be awarded to the archer who has proven across the nominated events to be the Best All Round Archer. The following criteria will be used to calculate the winner of this prestigious award.

The award will follow the following guidelines:

- A total of six awards across the three WA recognised bow types: Recurve, Compound and Barebow (recurve)
- There will be one male and one female BARA for each bow type.
- Rounds to be included to select the BARA will be:
 - Australia Field Open or National Field Championships (whichever is held that year)
 - National Indoor Championships (two scores shooting the same bow)
 - National Target Championships 900 Round
 - National Target Championships 1440 Round
 - National Matchplay Championships 720 Ranking Round
- The winner will be declared by combining the total score from all the above events for the same bow type.
- The BARA will be presented at an afternoon tea presentation following the conclusion of shooting on Saturday.
- The BARA will be based on an archer shooting the one bow type and will not include a combination of bow types when calculating their score for this award.

Notes:

- if an event is cancelled for all archers AA in consultation with the RGB's will decide if the BARA will be awarded that year.
- If only one RGB is affected due to the cancellation of an indoor event AA in consultation with the RGB's will decide how the BARA will be calculated and awarded that year.
- No online events other than the National Indoor Championships will be included in the BARA given the variation in conditions between outdoor venues.

Presentation:

The BARA will be presented at an afternoon tea presentation following the conclusion of shooting on Saturday.
